

Cast Nevada Revised Statutes

NRS 293.113 "Tally list" defined. "Tally list" means:

2. An electronically generated report of the number of votes cast for each candidate and question on the ballot.

NRS 293.269935 Certification and reporting of mail ballot results; secrecy of mail ballots; unlawful to disseminate information about mail ballot results before polls close and all votes cast on election day; penalty.

1. The voting results of the mail ballot vote in each precinct must be certified and submitted to the county clerk, who shall have the results added to the votes of the precinct that were not cast by mail ballot. The returns of the mail ballot vote must be reported separately from the other votes that were not cast by mail ballot in the precinct unless reporting the returns separately would violate the secrecy of a voter's ballot.
2. The clerk shall develop a procedure to ensure that each mail ballot is kept secret.
3. No voting results of mail ballots may be released until all polling places are closed **and all votes have been cast on the day of the election**. Any person who disseminates to the public in any way information pertaining to the count of mail ballots before all polling places are closed **and all votes have been cast on the day of the election** is guilty of a misdemeanor.

NRS 293.383 Posting of copies of result of votes cast.

1. Except as otherwise provided in this section, each counting board, before it adjourns, shall post a copy of the voting results in a conspicuous place on the outside of the place where the **votes were counted**.
2. Except as otherwise provided in subsection 3, when votes are cast on ballots which are mechanically or electronically tabulated in accordance with the provisions of [chapter 293B](#) of NRS, the county clerk shall, as soon as possible, post copies of the tabulated voting results in a conspicuous place on the outside of the counting facility or courthouse.
3. The Secretary of State shall notify each county clerk as soon as is reasonably practicable when every polling place is closed **and all votes have been cast**. A county clerk shall not post copies of the tabulated voting results for a statewide or multicounty race or ballot question until the county clerk has received notification from the Secretary of State that all polling places are closed **and all votes have been cast**.
4. Each copy of the voting results posted in accordance with subsections 1, 2 and 3 must set forth the **accumulative total of all the votes cast** within the county or other political subdivision conducting the election and must be signed by the members of the counting board or the computer program and processing accuracy board.

May 28, 2024

I, Nicholas St Jon, demand a special session of the Washoe County Board of County Commissioners be held BEFORE June 11, 2024 to clarify the definition of "cast" as used in some 191 places in NRS Chapter 293 as when the RoV receives and acknowledges receipt of all mail in ballots dated on or before election day June 11, 2024 but received before 5:01 pm Saturday June 15, 2024.

I demand each commissioner go on the record during their item for commissioner input their position on whether or not they will support free and fair elections and do everything they can to detour the ability to induce election fraud.

Should you neglect or refuse to state your position on your support of free and fair elections, we will take that non-answer to mean you **DO NOT** support free and fair elections.

I am available to be called back up to the podium during your "input" item for any clarification on this or other election concern issues.

The "spirit" of the law of not being able to release tallies prior to the closing of polls on election day was to ensure no one received that information and was then able to manipulate the system by going out and bringing in more electors to vote in their favor thus creating election fraud.

With the advent of everyone who has not opted out of receiving a mail in ballot, that time now should be extended to 5:01 pm on the Saturday following the election as that is the last time a "mail in" ballot can be received by the RoV, date and time stamped as received and then added to the group of and reported number of ballots that have yet to be counted. The number of outstanding ballots yet to be counted should be made public and reported to the Board of County Commissioners to remove any possibility of ballots mysteriously showing up and being added to the number once the deadline has passed.

All I want, and many others coming to these chambers or writing to their public servants, is the chance for free and fair elections, devoid of the possibility of election fraud happening.

Your Official Oath of Office demands that you uphold the US and NV Constitutions as well as the laws of Nevada which clearly define the need for free and fair elections and anything that would leave the opportunity to introduce election fraud is clearly within the ability of this Board to tighten the places the NV statutes have left open the door for election fraud.
